Профиль: Теория и методика преподавания дисциплин филологического цикла
(русского, родного (татарского) и иностранного языков и литератур)
(Английский язык)

Задание 1. We ask you to write a Motivational Letter in English (250-350 words) on the following topic ?Why do I apply to master's program "Foreign Languages?"

The information should include:

In the first paragraph, we ask to tell us about yourself (without mentioning your name or personal information), what is the scope of your academic interests.

In the second paragraph, we ask you to describe your future profession, whether you have any work experience, if so, who you have already worked as, and the length of your work experience. What additional qualifications, skills, and abilities do you possess and how can this contribute to your future career? Do you have any experience as a teacher or translator? What foreign languages would you like to learn and why? How many foreign languages should a person living in a modern society know, and why? What are the advantages of knowing a foreign language (the one you are studying)?

In the third paragraph, we ask you to disclose how the Master's degree program will help you in your future professional activity. What qualifications do you expect to receive while studying for a master's degree? What do you know about studying for master's degrees in foreign universities?

In the last, fourth, paragraph, we ask you to describe how university education can change in the next ten years? What would you change in the education system? How do you think information technologies have changed the teaching of foreign languages?

Write your essay using Microsoft Word, after finishing it pin the Word file.
