### The playful donkey

A man who owned a monkey and a donkey was one day very much amused to see the monkey going through all sorts of antics on the roof of his house. He laughed heartily at his tricks, and petted him a great deal when he came down from the roof. The donkey saw this, and thought he would like to try the same thing. So the next day he climbed up onto the roof, but being heavy and clumsy, he broke a good many of the tiles; and as soon as his master saw him, instead of laughing he came after him and drove him down with a thick stick.
